

ClickShare

All-in-one video bars for effortless hybrid meetings

Open your laptop to start a meeting and connect team members in the office with remote participants in under 7 seconds. Enjoy sharp views, crystal-clear audio and easy, natural communication between remote and onsite attendees, ensuring everyone feels truly seen and heard.

The ClickShare video bars enable effortless wireless collaboration in small and medium-sized meeting rooms with any videoconferencing platform from your laptop via the ClickShare Button or App.

Simplified setup for easier installation and lower Total Cost of Ownership

- **Reduced cost and complexity** by reuniting all collaboration, audio and video functionalities into one powerful device
- **Quick and easy deployment at scale**, so your meeting rooms can be up and running in no time
- **Remote management and configuration** of your installed base with XMS Cloud

A future proof solution for the modern workplace

- **Free SmartCare service** package with 5 years of coverage and no replacement costs
- **Enterprise grade product**: highly secure, can easily be integrated in your network
- **Extensive insights and analytics** to optimize device and meeting room usage
- **Carbon-neutral** devices so you can help your organization reach its sustainability goals
